WHAT MOTORSURE MOTORCYCLE WARRANTY COSTS

MOTORSURE WARRANTY 1	R4 800
MOTORSURE WARRANTY 2	R12 250
MOTORSURE WARRANTY 3	R19 600
MOTORSURE WARRANTY 4	R24 500

WHAT THE MOTORSURE MOTORCYCLE WARRANTY PRODUCT COVERS*

The insured motorcycle is covered against the sudden and unforeseen mechanical or electrical breakdown, collapse, or failure (hereafter referred to as “the Failure”) of the parts listed under the Covered Components section, for the duration specified in the policy schedule.

Cover is limited to the repair or replacement of the failed part(s), up to the maximum amounts specified in the Covered Components section.

Multiple failures or repairs arising at the same time will be treated as a single claim and will be limited to the benefit amount of the major failed component.

If, in the sole opinion of the Administrator, the repairing dealer requires new or exchange units that exceed market-related repair requirements and costs, the Insured will be liable for any excess costs incurred.

WEAR & TEAR

Wear and tear is defined as the gradual reduction in operating performance in accordance with the age, usage, and distance travelled by the vehicle at the time of failure.

Where the failure is directly attributable to wear and tear, the benefit payable under this policy will be limited to the lesser of 50% of the repair cost or 50% of the maximum benefit applicable to the component concerned.

** All claims are assessed at market related prices.
Please refer to the policy wording for the detailed
definitions & applicable terms and conditions.*

SCHEDULE OF BENEFITS MSL 4

PLAN N:	All motorcycles less than 2 year and still under manufacturer's warranty with current Retail less than R 500 000.
PLAN A:	Vehicles less than 5 years with less than 40000 kms.
